Summary: A much needed new resource is opening in the Ozarks

Where Healing Begins.....Synergy Recovery Center

We are excited to announce the opening of a new substance abuse recovery center designed exclusively for helping women. For the very first time, women have a private treatment option that meets their unique needs, addressing substance abuse issues through a holistic approach encompassing the mind, body and spirit.

Compassionate professionals are standing by to address substance abuse problems, including co-occurring disorders while ensuring the privacy, dignity and respect of the women served. Additionally, Synergy provides a variety of innovative treatment options to help women reclaim their lives. Synergy offers music and art therapy, acupuncture, group fitness classes, yoga, Pilates and meditation.

Located in a private and secure facility, Synergy Recovery Center sits on 20 beautiful acres in Rogersville, Missouri. It provides a serene home like atmosphere with comfortable surroundings, including queen sized beds, full baths, a beautiful family room, on-site mini-theatre, swimming pool with outdoor fireplace, art studio, an 1,800 square foot work out facility and much more.

Synergy Recover Center offers:

- Individual, group and family therapy
- Evidenced based education classes
- Health assessments and screenings
- Nutrition and wellness classes
- Private, semi-private and shared rooms
- Trauma informed care & support
